

IN THE SPECIFICATION

Page 2, before line 1, please insert the following new paragraph as follows:

U.S. Patent 5,799,351 discloses a pool cleaner having an improved self-starting vibratory power source including a power-source chamber between a downstream hose connection and a substantially open upstream chamber inlet and a vibrator with a downstream pivot thereon about which it pivots in the chamber, the vibrator mounted and sized such that all vibrator positions are unstable and flow is substantially unrestricted in all vibrator positions. Preferred embodiments include a drive mechanism mechanically linked to the vibratory power source. However, this document does not disclose any rotary-shaped rolling rotor for driving at least one brush.
